Subject Index

acitretin
  Papillon-Lefévre syndrome: response to 938
  treatment of arsenical keratosis and Bowen's disease 84
acne rosacea, seroprevalence of *Helicobacter pylori* and nitric oxide 768
acne vulgaris, demographic features and seasonal variations, Saudi Arabia 870
acneiform lesions in Becker's nevus and breast hypoplasia 699
acquired immunodeficiency syndrome-related oral and/or cutaneous histoplasmosis, French Guiana 571
acral lentiginous melanoma, regression of, with immunotherapy using Mycobacterium tuberculosis-extracted polysaccharide complex (Tubercin) 52
acromegaly, cutaneous signs 631
actinic keratosis, reassessment of topical diclofenac/hyaluronan gel for 371
actinic prurigo, lymphocyte subtypes and adhesion molecules in,: observations with cyclosporin A 139
actinomycetoma, perianal 491
acute febrile neutrophilic dermatosis *see* Sweet's syndrome
adenocarcinoma of the prostate, granuloma faciale associated with 901
adhesion molecules, lymphocyte subtypes and, in actinic prurigo: observations with cyclosporin A 139
adult colloid milium with chronic sun exposure 936
AIDS *see* acquired immunodeficiency syndrome; HIV infection
alcohol, frequent use of tobacco and, in Chinese psoriasis patients 659
alitretinoin gel, treatment of cutaneous T-cell lymphoma 104
allopurinol and meglumine antimoniate, combination treatment of cutaneous leishmaniasis 441, 521
alopecia
  androgenetic
    perception of men with, by women and nonbalding men, Korea 867
    shortness of breath as side-effect of cyproterone acetate 946
  areata
    past perceptions 189
    pattern and profile, Singapore 748
  cicatricial, dematological and immunopathological study 8
amoebiasis, primary cutaneous 676
amyloidosis, cutaneous and systemic 127, 133
anaphylaxis, exercise-induced, in a marathon runner 394
angioleiomyoma, digital 527
angiolipomas, multiple subcutaneous, associated with new-onset diabetes mellitus 783
angiosarcoma of the scalp treated with OK-432 and rIL-2 286
anonychia congenita totalis 397
ant (*Odontomachus bauri*) venom, causing severe human urticaria 801
anti-inflammatory/antiallergic treatment, evaluation of inflammatory parameters in physical urticarias and effects of 431
anticonvulsant hypersensitivity syndrome and acute neurotrauma 121
antidesmoglein ELISA profile, transition of pemphigus vulgaris into pemphigus foliaceus confirmed by 525
antimonial
  killed *Leishmania amazonesis* vaccine plus, for cutaneous leishmaniasis 73
  see also meglumine antimoniate
antinuclear antibody study, autoimmune and rheumatic manifestations and, in HIV-infected Thai patients 417
antioxidant
  evidence supporting zinc as important, for skin 606
  increase in total blood, status and selenium levels in black patients with active vitiligo 640
arsenic intoxication, acute, Mees' lines in a patient following 399
arsenical keratosis and Bowen's disease, treatment with acitretin 84
arsenicosis, skin manifestation, Bangladesh 841
arthropods and skin diseases 533
atopic dermatitis
  associated with decrement in health-related quality of life 151
  dietary intake of vitamin E, immunoglobulin E serum levels 146
  face and intertriginous areas, safety and efficacy of limited application of fluticasone
    propionate ointment, 0.005% 804
  infantile seborrheic and, clinical variants of same disease? 349
  itch characteristics in Chinese patients, using new questionnaire 212
Australia, multiple nonmelanoma skin cancer in exposed population 652
autoimmune and rheumatic manifestations and antinuclear antibody study in HIV-infected Thai patients 417
axillary cutaneous nodule, solitary, metastatic gastric cancer presenting as 598
axillary hyperhidrosis, treatment with botulinum-A toxin 428

B-cell lymphoma involving skin associated with hepatitis C virus infection 577
Bangladesh, skin manifestation of arsenicosis 841
Bartonella infections, skin manifestations 461
basal cell carcinoma
  arising from epidermal nevus 926
  morpheaform, can smoking and/or occupational UV exposure have a role in development? A critical role for peritumoral mast cells 275
  multiple synchronous pigmented, following radiotherapy for Hodgkin lymphoma 208
Becker's nevus (melanosis)
  associated with fibrous dysplasia 384
  and breast hypoplasia, acneiform lesions in 699
benzoyl peroxide, history of early research and researchers 185
betel leaf (*Piper betle*), aqueous extracts, ethanolic extracts and essential oil of, larvicidal effects on *Chrysomya megacephala* 877
botulinum-A toxin, treatment of axillary hyperhidrosis 428
Bowen's disease
  an uncommon presentation 691
  arsenical keratosis and, treatment with acitretin 84
Brazil
  sunburn, sunscreens and phenotypes: some risk factors for cutaneous melanoma 557
  unusual location of cutaneous leishmaniasis on hallux 439
breast hypoplasia, acneiform lesions in Becker's nevus and 699
breast, peculiar unilateral fixed drug eruption of 96
bronchogenic carcinoma, infraorbital eyelid edema as presenting sign 386
bullous dermatosis (linear IgA disease) 56, 778
bullous erythema nodosum leprosum (bullous type 2 reaction) 363
bullous lesions in scleroderma 335
bullous morphea, China 949
burn wound, predicting early outcome using orthogonal polarization spectral imaging 715
Byzantium, smallpox in 792

© 2002 *The International Society of Dermatology*

calcipotriol
ointment versus clobetasol ointment in localized vitiligo 616
therapeutic potential in diseases other than psoriasis 38
carcinoma *see* malignancy; oncogenesis; *specific types*
cardio-facio-cutaneous syndrome 923
Cassia alata, aqueous extracts of, larvicidal effects on *Chrysomya megacephala* 877
cell cycle in sporadic melanoma 550
cellulitis, dissecting 509
cheilitis granulomatosa, long-term follow-up 225
chemotherapeutic agents, dermatomyositis-like reaction induced by 885
childhood lichen planus 423
children, tinea capitis in, Ivory Coast (western Africa) 204
Chile, malignant melanoma mortality rates 99
China
bullous morphea 949
itch characteristics in patients with atopic dermatitis using new questionnaire 212
psoriasis
frequent use of tobacco and alcohol by patients 659
genetic epidemiology, in Han 663
2-chlorodeoxyadenosine, treatment of Sézary syndrome 352
chronic epithelioid sarcoma, palmar ulcer 908
chronic idiopathic urticaria, fexofenadine treatment 701
chronic natural killer cell lymphocytosis, cutaneous findings 852
chronic renal failure, linear IgA bullous dermatosis in diabetic patient with 778
chronic wounds, biosurgery supports granulation and debridement – clinical data and remittence spectroscopy 635
Chrysomya megacephala, larvicidal effects of mineral turpentine, low aromatic white spirits, aqueous extracts of *Cassia alata*, and aqueous extracts, ethanolic extracts and essential oil of betel leaf (*Piper betle*) on 877
cicatricial alopecia, dematological and immunopathological study 8
cigarette smoking *see* smoking
ciliated cyst, cutaneous, on the cheek in male 48
cleansers marketed for dry skin, pH and irritant effect 494
climatotherapy, Dead Sea, and pseudocatalase (PC-KUS), rapid initiation of repigmentation in vitiligo 482
clobetasol
ointment, calcipotriol ointment versus, in localized vitiligo 616
propionate 0.05 foam, treatment of nonscalp psoriasis 269
colchicine, purpura annularis telangiectoides with vasculitic ulcers treated with 388
collagen vascular disease, overlap, as marker for development of primary biliary cirrhosis 390
Comèl–Netherton syndrome and peeling skin syndrome type B: overlapping syndromes or one entity? 264
computerized tomography scanning for diagnosis, paracoccidioidomycosis, unusual clinical presentation and utility of 881
confocal microscopy oriented cryosurgery 284
cryptococcal infection in sarcoidosis 773
cyclophosphamide, immunoablative high-dose, without stem cell rescue in pemphigus foliaceus 340
cyclosporin A
lymphocyte subtypes and adhesion molecules in actinic prurigo: observations with 139
pyoderma gangrenosum of the scalp treated with 916
cyproterone acetate, shortness of breath as side-effect, in treatment of androgenetic alopecia 946

Dapsone therapy, cutaneous involvement of dermatomyositis can respond to 182
Dead Sea climatotherapy and pseudocatalase (PC-KUS), rapid initiation of repigmentation in vitiligo 482
dermatofibromas, multiple eruptive, in patients with systemic lupus erythematosus treated with prednisone 279
dermatological agents during pregnancy and lactation 197
dermatology, mnemonics in 594
dermatology practice in primary health care services, Middle East 4
dermatology unit, tertiary, patterns of admission, South Africa 568
dermatomyositis
cutaneous involvement can respond to Dapsone therapy 182
cutaneous manifestations of its variants 625
polymyositis and, associated with malignancy 729
dermatomyositis-like reaction induced by chemotherapeutic agents 885
diabetes mellitus
epidemiology of onychomycosis in patients, India 647
leprosy in type I reaction and, in patient with HIV infection 694
linear IgA bullous dermatosis in patient with chronic renal failure and 778
new-onset, multiple subcutaneous angiolipomas associated with 783
diclofenac/hyaluronan, topical gel, reassessment for actinic keratosis 371
dietary intake of vitamin E, evaluation, in treatment of atopic dermatitis 146
digital angioleiomyoma 527
dissecting cellulitis 509
Dowling Degos disease, reticulate acropigmentation of Kitamura, overlap 518
dry skin, pH and irritant effect of cleansers marketed for 494
dyskeratosis congenita with isolated neutropenia and granulocyte colony-stimulating factor treatment 170

eccrine hidrocystomas, multiple, associated with Graves' disease 295
eczema, hand, nargile (Hubble-Bubble) smoking-induced 771
Egypt, leprosy in high-prevalence village: epidemiology and risk factors 681
en coup de sabre 504
eosinophilic folliculitis, in patient with Hodgkin lymphoma 298
epidermal nevus, basal cell carcinoma arising from 926
epidermodysplasia verruciformis
14 members of pedigree with intriguing squamous cell carcinoma transformation 500
localized, treatment with tacalcitol ointment 817
epithelioid sarcoma, chronic, palmar ulcer 908
erythema annulare centrifugum and pregnancy 516
erythema elevatum diutinum and IgA paraproteinaemia 368
erythema nodosum
and reactivation tuberculous lymphadenitis (scrofula) 173
and sporotrichosis 114
essential thrombocythemia, leg ulcers and hydroxyurea with 872
evidence-based management principles, stage I-II melanoma model 721
exercise-induced anaphylaxis in marathon runner 394
extramedullary hematopoiesis, cutaneous, in idiopathic myelofibrosis 883
eyelid edema, infraorbital, presenting sign of bronchogenic carcinoma 386

facial granuloma *see* granuloma faciale
facial massage, rejuvenating, – bane or boon? 407
facial wrinkling, premature, and smoking: image analysis of facial skin replicas 21
faun tail: rare cutaneous stigma of spinal dysraphism 119

© 2002 *The International Society of Dermatology*

female genital mutilation 253
fexofenadine, treatment of chronic idiopathic urticaria 701
fibrous dysplasia, Becker's melanosis associated with 384
fluticasone propionate ointment, 0.005 safety and efficacy of limited application in patients with atopic dermatitis, face and intertrigious areas 804
follicular papules
and hypertrophic pilo-sebaceous units, nevus lipomatosus cutaneus superficialis with 241
itchy, trichostasis spinulosa, in young adults 643
foot ulcer, atypical, painful 692
foreign bodies, cutaneous 293
French Guiana, AIDS-related oral and/or cutaneous histoplasmosis 571
Fusarium spp., tinea pedis resulting from 360

genital(s)
female
mutilation 253
nevus comedonicus with hidradenoma papilliferum and syringocystadenoma papilliferum 933
and perineum, necrotizing gangrene 847
glucantime *see* meglumine antimoniate
gluteal area, girl with linear nodules on 239
graft vs. host disease, lichenoid nail changes as sole external manifestation 44
granular cell tumour, S-100-negative atypical 168
granulocyte colony-stimulating factor treatment, dyskeratosis congenita with isolated neutropenia and 170
granuloma faciale associated with adenocarcinoma of the prostate 901
Graves' disease, multiple eccrine hidrocystomas associated with 295

hair fiber damage and restoration following treatment with permanent hair dye 88
hallux, unusual location of cutaneous leishmaniasis, Brazil 439
hand eczema, nargile (Hubble-Bubble) smoking-induced 771
Helicobacter pylori and nitric oxide, seroprevalence in acne rosacea 768
hemodialysis, scleromyxedema-like fibromucinosis in patient undergoing 364
henna tattoo, temporary, prolonged lichenoid reaction and cross-sensitivity to para-subtituted amino-compounds due to 301
hepatitis C virus
B-cell lymphomas involving the skin associated with 577
IgM class anticardiolipin antibody and anti-Ro/SS-A positivity in urticarial vasculitis associated with 930
and lichen planus in Nigerians 217
and urticaria 712
herpes
HSV-2 infection with serial recurrences at multiple sites 109
human herpesvirus 7 in pityriasis rosea, detection by nested PCR 563
zoster, recurrent 528
histoplasmosis, AIDS-related oral and/or cutaneous, French Guiana 571
HIV infection
autoimmune and rheumatic manifestations and antinuclear antibody study in Thai patients 417
Leishmania organisms in specific and non-specific skin lesions in individuals with visceral leishmaniasis 670
leprosy in type I reaction and diabetes mellitus in patient with 694
toxic epidermal necrolysis in pregnant woman 600
HLA-class I and class II antigens (Turkish patients)
and pemphigus 79
and psoriasis vulgaris, according to age of onset 345
HLA-DQ3, associated with idiopathic guttate hypomelanosis, in renal transplant patients 744
Hodgkin lymphoma
eosinophilic folliculitis occurring in patient with 298
multiple synchronous pigmented basal cell carcinomas following radiotherapy for 208
HSV-2 *see under* herpes
human papillomavirus and oncogenesis 319, 525
human placenta extract: *in vivo* and *in vitro* assessments of melanocyte growth and pigment-inducing activities 760
hydroxyurea, leg ulcer and, three cases with essential thrombocythemia 872
hyper-IgE syndrome revisited 618
hyperhidrosis
axillary, treatment with botulinum-A toxin 428
palmoplantar, safe control with direct electrical current 602
hyperprolactinaemia, pemphigus with, an unusual association 696
hypopigmented keratoses, localized 786

ichthyosis, X-linked, and undescended testes 614
IgA
linear IgA bullous dermatosis 56, 778
paraproteinaemia, erythema elevatum diutinum and 368
IgE
hyper-IgE syndrome revisited 618
serum levels, dietary intake of vitamin E in treatment of atopic dermatitis 146
IgM class anticardiolipin antibody and anti-Ro/SS-A positivity in urticarial vasculitis associated with hepatitis C virus infection 930
rIL-2 and OK-432, angiosarcoma of scalp treated with 286
image analysis of facial skin replicas, smoking and premature wrinkling 21
imipramine, photodistribution blue-gray pigmentation of skin associated with long-term use 327
imiquimod, international update on therapeutic uses 810
immunoablative high-dose cyclophosphamide without stem cell rescue in pemphigus foliaceus 340
immunochemotherapy, for cutaneous leishmaniasis: killed *Leishmania amazonesis* vaccine plus antimonial 73
immunocompromised patient, acute primary superficial cutaneous nocardia due to *Nocardia brasiliensis* 713
immunoglobulins *see* IgA; IgE; IgM
immunotherapy using Mycobacterium tuberculosis-extracted polysaccharide complex (Tubercin), regression of acral lentiginous melanoma 52
India
epidemiology of onychomycosis in patients with diabetes mellitus 647
pityriasis versicolor, clinico-mycological study 823
subcutaneous pheohyphomycosis 16
infant, Sweet's syndrome in 928
infantile seborrheic and atopic dermatitis, clinical variants of same disease? 349
inflammation
evaluation of parameters in physical urticarias and effects of anti-inflammatory/antiallergic treatment 431
α-melanocyte-stimulating hormone inhibition of 311
infliximab, rapid response in severe pustular psoriasis, von Zumbusch type 449

© 2002 The International Society of Dermatology

inguinal lymphadenopathy, cutaneous Rosai-Dorfman disease preceding 404
interferon-α and interferon-γ, modulation *in vitro* of keratinocyte integrins 836
intramuscular lipoma within temporal muscle 689
irritant effect and pH, cleansers marketed for dry skin 494
isotretinoin, extranodal Rosai-Dorfman disease treated with 888
itch characteristics in Chinese patients with atopic dermatitis using a new questionnaire for the assessment of pruritis 212
itchy follicular papules, trichostasis spinulosa, in young adults 643
ivermectin, is single dose sufficient for crusted scabies? 618
Ivory Coast, tinea capitis in schoolchildren from 204

Japan, localized involutional lipoatrophy 176

kala azar, treated, post-kala-azar dermal leishmanasis occuring after 10 years 875
keratinocyte integrins, modulation *in vitro* by interferon-α and interferon-γ 836
keratoacanthoma, multinodular 905
keratoses, localized hypopigmented 786
Korea, perception of men with androgenetic alopecia by women and nonbalding men 867

lactation, dermatological agents during pregnancy and 197
larvicidal effects of mineral turpentine, low aromatic white spirits, aqueous extracts of *Cassia alata*, and aqueous extracts, ethanolic extracts and essential oil of betel leaf (*Piper betle*) on *Chrysomya megacephala* 877
leg ulcers and hydroxyurea, cases with essential thrombocythemia 872
leishmaniasis, cutaneous
  dissemination 307
  epidemiological and clinical features, Sanliurfa 32
  on hallux 439
  leishmaniasis recidiva cutis: unusual two steps recurrence 506
  post-kala-azar, occuring after 10 years of treated kala azar 875
  treatment
    allopurinol and meglumine antimoniate 441, 521
    killed *Leishmania amazonesis* vaccine plus antimonial 73
    pentamidine 796
leishmaniasis, visceral, presence of *Leishmania* organisms in specific and non-specific skin lesions in HIV-infected individuals with 670
lentiginosis, generalized, with strabismus 780
leprosy
  bullous erythema nodosum leprosum (bullous type 2 reaction) 363
  epidemiology and risk factors, high-prevalence Egyptian village 681
  leukomelanodermic 513
  multidrug therapy, reappraisal and proposed new approach 321
  in type I reaction and diabetes mellitus in patient with HIV infection 694
Leser-Trelat sign 687
leukoderma punctatum following systemic PUVA therapy 922
leukomelanodermic leprosy 513
lichen planus
  childhood 423
  colocalized, and vitiligo, in 14-year-old boy 508
  hepatitis C virus and, in Nigerians 217
  narrow-band UVB treatment for 282
  oral, polyglandular autoimmune syndrome type II associated with 244
lichen sclerosus et atrophicus arising in urethrostomy scar 619
lichenoid nail changes, as sole external manifestation of graft vs. host disease 44
lichenoid reaction, prolonged, and cross-sensitivity to para-subtituted amino-compounds due to temporary henna tattoo 301
linear IgA bullous dermatosis
  in diabetic patient with chronic renal failure 778
  localized, responding to colchicine 56
linear nodules on gluteal area 239
lipoatrophy, localized involutional, Japan 176
lipomas
  intramuscular, within temporal muscle 689
  see also angiolipomas
low aromatic white spirits, larvicidal effects on *Chrysomya megacephala* 877
lupus *see* lupus erythematosus panniculitis; systemic lupus erythematosus
lupus erythematosus panniculitis: clinicopathologic study 488
lymphocyte subtypes and adhesion molecules in actinic prurigo: observations with cyclosporin A 139
lymphocytosis, chronic natural killer cell, cutaneous findings 852
lymphoma
  B-cell, involving skin associated with hepatitis C virus infection 577
  cutaneous T-cell, treatment with alitretinoin gel 104
  extranodal NK/T-cell, with extensive subcutaneous involvement mimicking subcutaneous panniculitis-like T cell lymphoma 919
  non-mycosis fungoides primary cutaneous, clinicopathological reassessment 735
  see also Hodgkin's lymphoma
major histocompatibility complex, haplotype associations, with psoriasis in Northeastern Thais 330
malignancy, polymiositis and dermatomyositis associated with 729
malignant melanoma *see* melanoma (malignant)
mast cells, peritumoral, can smoking and/or occupational UV exposure have a role in development of morpheaform basal cell carcinoma? A critical role for 275
Mees' lines in patient following acute arsenic intoxication 399
meglumine antimoniate
  and allopurinol, combination treatment of cutaneous leishmaniasis 441, 521

primary cutaneous amoebiasis 676
primary cutaneous lymphoma, non-mycosis fungoides, clinicopathological reassessment 735
primary health care services, Middle East, dermatology practice in 4
prolidase deficiency 46
prostaglandin analog (PGE_2), topical, in vitiligo 942
prostate, adenocarcinoma, granuloma faciale associated with 901
prothrombin gene (G20210A) mutation, Sweet's syndrome 596
protothecosis, cutaneous 304
prurigo pigmentosa 288
pruritis, itch characteristics in Chinese patients with atopic dermatitis using a new questionnaire for the assessment of 212
pseudocatalase (PC-KUS), rapid initiation of repigmentation in vitiligo with Dead Sea climatotherapy and 482
pseudopelade of brocq, not a specific clinico-pathological entity 8
psoriasis
  association with HLA class I and class II antigens, Turkish population, according to age of onset 345
  evaluation of sociodemographic and clinical features, Turkish patients 220
  frequent use of tobacco and alcohol, Chinese patients 659
  genetic epidemiology, Chinese Han 663
  haplotype associations of major histocompatibility complex, Northeastern Thais 330
  non-scalp 269
  rosea or guttata? Early examination is key to correct diagnosis 788
  severe pustular, von Zumbusch type 449
  treatments
    clobetasol propionate 0.05foam 269
    methotrexate 444
    monoclonal antibody therapies 449, 827
purpura annularis telangiectoides with vasculitic ulcers treated with colchicine 388
PUVA therapy, systemic, leukoderma punctatum following 922
pyoderma gangrenosum
  pathergic, in venous ulcer 166
  scalp, treated with cyclosporin A 916

radiotherapy for Hodgkin's disease, multiple synchronous pigmented basal cell carcinomas following 208
reactivation tuberculous lymphadenitis (scrofula), erythema nodosum associated with 173
reactive angioendotheliomatosis and sarcoidosis 894
renal transplant patients
  HLA-DQ3 is associated with idiopathic guttate hypomelanosis whereas HLA-DR8 is not 744
  late onset phaeomycotic cyst 898
  milia en plaque in 897
reticulate acropigmentation of Kitamura–Dowling Degos disease overlap 518
rhabdomyolysis, minocycline hypersensitivity syndrome manifesting with 530
rheumatic and autoimmune manifestations and antinuclear antibody study, HIV-infected Thai patients 417
rheumatic disease, cutaneous palisaded allergic granuloma associated with 230
rheumatoid arthritis, cutaneous tuberculosis associated with 913
Rosai-Dorfman disease
  cutaneous, preceding inguinal lymphadenopathy 404
  extranodal, with cutaneous, ophthalmic and laryngeal involvement, treated with isotretinoin 888

S-100-negative atypical granular cell tumour 168
sarcoidosis
  cryptococcal infection in 773
  reactive angioendotheliomatosis and 894
  systemic, impressive skin manifestation of 232
Saudi Arabia, acne vulgaris, demographic features and seasonal variations 870
scabies, crusted, is single dose of ivermectin sufficient? 618
scalp
  angiosarcoma, treated with OK-432 and rIL-2 286
  pyoderma gangrenosum treated with cyclosporin A 916
scleroderma, bullous lesions in 335
scleroderma/morphea, localized 467
scleromyxedema-like fibromucinosis in patient undergoing hemodialysis 364
scrofula (reactivation tuberculous lymphadenitis), erythema nodosum associated with 173
scrofuloderma and Sweet's syndrome 28
scutula-like lesion caused by *Microsporum gypseum*, tinea infection with 372
Scytalidium dimidiatum (*Nattrassia mangiferaem*) infection, Singapore 53
seborrhoeic dermatitis, terbinafine for treatment in adults 821
selenium levels, increase in total blood antioxidant status and, in black patients with active vitiligo 640

© 2002 *The International Society of Dermatology*

Senegal, skin lightening creams, widespread use 69
Sézary syndrome, treatment with 2-chlorodeoxyadenosine 352
shortness of breath, uncommon side-effect of cyproterone acetate in treatment of androgenetic alopecia 946
Singapore, *Nattrassia mangiferae (Scytalidium dimidiatum)* infection 53
skin graft, localized myxedema development in 401
skin lightening creams, widespread use in Senegal 69
smallpox, in Byzantium 792
smoking
  associated with premature facial wrinkling: image analysis of facial skin replicas 21
  nargile (Hubble-Bubble)-induced hand eczema 771
  and/or occupational UV exposure, role in development of morpheaform basal cell carcinoma. A critical role for peritumoral mast cells 275
  pemphigus and 528
  tobacco and alcohol, frequent use, Chinese psoriasis patients 659
South Africa, patterns of admission to tertiary dermatology unit 568
spinal dysraphism, faun tail: rare cutaneous stigma of 119
sports-related pads 291
squamous cell carcinoma
  epidermodysplasia verruciformis, 14 members of pedigree with intriguing transformation 500
  in patient with Netherton's syndrome 415
strabismus, generalized lentiginosis with 780
stringray injury in domestic aquarium 50
subcutaneous pheohyphomycosis, India 16
sun exposure, chronic, adult colloid milium with 936
sunburn, sunscreens and phenotypes: some risk factors for cutaneous melanoma, southern Brazil 557
sunglasses, wearing, risk factor for development of cutaneous malignant melanoma 191
sustained-release matrix based on biodegradable poly(ester amide)s and impregnated with bacteriophages and an antibiotic shows promise in the management of infected venous stasis ulcers and other poorly healing wounds 453
Sweet's syndrome
  in an infant 928
  with nodular episcleritis and polyneuropathy 107
  scrofuloderma and 28
  in woman with prothrombin gene (G20210A) mutation 596
systemic and cutaneous amyloidosis 127, 133
systemic lupus erythematosus
  and false positive VDRL (venereal disease research laboratory) (BFP-STS) 858
  multiple eruptive dermatofibromas in patients with, treated with prednisone 279
systemic sarcoidosis, impressive skin manifestation of 232

T-cell lymphoma *see under* lymphoma
tacalcitol ointment, treatment of localized epidermodysplasia verruciformis 817
teicoplanin-induced skin eruption 948
teledermatology review 716
terbinafine
  rapid response of *Trichophyton tonsurans*-induced onychomycosis after treatment with 357
  treatment of seborrhoeic dermatitis in adults 821
tertiary dermatology unit, patterns of admission, South Africa 568
Thailand
  autoimmune and rheumatic manifestations and antinuclear antibody study in HIV-infected patients 417
  haplotype associations of major histocompatibility complex with psoriasis, Northeastern Thais 330
thrombocythemia, essential, leg ulcers and hydroxyurea with 872
tinea infection
  with scutula-like lesion caused by *Microsporum gypseum* 372
  tinea capitis in schoolchildren, Ivory Coast (western Africa) 204
  tinea pedis resulting from *Fusarium* spp. 360
tobacco *see* smoking
toxic epidermal necrolysis
  and metastatic melanoma, sudden onset melanuria in patient with 116
  in pregnant, HIV-infected woman 600
travelers to tropical country, microcirculatory changes 93
Trichophyton tonsurans-induced onychomycosis, rapid response after treatment with terbinafine 357
trichostasis spinulosa: itchy follicular papules in young adults 643
Tubercin (Mycobacterium tuberculosis-extracted polysaccharide complex), regression of an acral lentiginous melanoma with an immunotherapy using 52
tuberculosis, cutaneous
  associated with rheumatoid arthritis 913
  clinical and epidemiological observations, Larkana, Pakistan 159
  polymerase chain reaction, a reliable diagnostic method in paraffin-embedded tissues? 863
tuberculous lymphadenitis, reactivation, erythema nodosum associated with 173
Turkey
  cutaneous leishmaniasis, Sanliurfa: epidemiological and clinical features 32
  evaluation of sociodemographic and clinical features of psoriasis patients 220
  HLA-class I and class II antigens
    pemphigus 79
    psoriasis vulgaris, according to age of onset 345

ulcer(s)
  atypical, painful foot 692
  chronic palmar, case of epithelioid sarcoma 908
  infected venous stasis, novel sustained-release matrix based on biodegradable poly(ester amide)s and impregnated with bacteriophages and an antibiotic shows promise in the management of, and other poorly healing wounds 453
  leg, and hydroxyurea, cases with essential thrombocythemia 872
  vasculitic, purpura annularis telangiectoides with, treated with colchicine 388
  venous, pathergic pyoderma gangrenosum in 166
undescended testes, X-linked ichthyosis and 614
urethrotomy scar, lichen sclerosus et atrophicus arising in 619
urticaria
  chronic idiopathic, fexofenadine treatment 701
  evaluation of inflammatory parameters and effects of anti-inflammatory/antiallergic treatment 431
  and hepatitis C infection 712
  severe human, produced by ant (*Odontomachus bauri*) venom 801
urticarial vasculitis, IgM class anticardiolipin antibody and anti-Ro/SS-A positivity, associated with hepatitis C virus infection 930
UV exposure, occupational, smoking and/or, role in development of morpheaform basal cell carcinoma. A critical role for peritumoral mast cells 275
UVB, narrow-band, for lichen planus treatment 282

© 2002 *The International Society of Dermatology*

varicella, atypical, with palm and sole involvement 903
vasculitic/venous ulcers *see under* ulcer(s)
VDRL (BFP-STS), false positive, and systemic lupus erythematosus 858
vitamin E, dietary intake in treatment of atopic dermatitis 146
vitiligo
  active, increase in total blood antioxidant status and selenium levels in black patients 640
  comparison of two surgical approaches for treating 135
  localized, calcipotriol ointment versus clobetasol ointment in 616
  rapid initiation of repigmentation with Dead Sea climatotherapy and pseudocatalase (PC-KUS) 482
  segmental, and lichen planus, colocalization, in 14-year-old boy 508
  topical prostaglandin analog (PGE_2) in 942

wound(s)
  burn, predicting early outcome using orthogonal polarization spectral imaging 715
  chronic, biosurgery supports granulation and debridement – clinical data and remittence spectroscopy 635
  poorly healing, novel sustained-release matrix based on biodegradable poly(ester amide)s and impregnated with bacteriophages and an antibiotic shows promise in the management of infected venous stasis ulcers and other 453

X-linked ichthyosis and undescended testes 614
xanthoma disseminatum 911

Yemen, mycetoma: clinicoepidemiologic and histopathologic study 586

zinc as important antioxidant for skin, evidence supporting 606
